

A Prayer for Peace in Solidarity with the People of Myanmar

Provident God, You taught us to seek and follow truth and peace.

However, some people love darkness more than light, and in the name of violence, not truth and peace they have done many evil things.

Now in Myanmar, the ruthless military is now in control, spreading violence and committing murder. Democracy and human rights are being wiped out.

God of mercy, in a place where democracy and peace once was the rule of the land, it is now at stake. Our brothers and sisters in Myanmar are dying because of the unjust violence by the military. Let all the actions of the unlawful military be revealed to the world.

Let the world know of their evil deeds and respond with help to restore democracy.

With the touch of your mercy, heal the pain of all the families who mourn the loss of their loved ones who are being killed violently at the hands of the military coup.

Lord, protect our Myanmar brothers and sisters who protest to restore justice and peace.

We support them with our prayer and fraternal solidarity.

May our desperate prayer and support reach them and bloom as a flower for freedom.

Peace in Myanmar! Freedom in Myanmar! Hope in Myanmar!

Amen!
